MUSIC IN THE AIR

TWO BANDS PLAYED

An Excess of Attractions Here Yesterday Afternoon and Evening.

Tempe put on airs yesterday. There was more music here during the afternoon and evening than there has ever been before in a similar space of time. This unusual condition of affairs was due to the fact that by the merest chance two shows were billed for the town on the same date and both carried a brass band. The "Uncle Josh Perkins" company came in on the morning train and the husky band did a stunt at noon. The musicians, and they were a good lot, put in an appearance at different places about town and eventually assembled on a street corner where the concert took place.

The other attraction, Ellor's "King of the Cattle Ring" company, arrived from Mesa on the 1:30 train. The tent was promptly put up on the vacant lots near the depot and about the middle of the afternoon the band belonging to this company appeared on the street. It, too, carried some good musicians and attracted a good deal of favorable comment. In the evening again both bands gave another concert and the population of Tempe divided its patronage between the two shows.

A TEAM OF HORSES

DROWNED IN CANAL

One Fell Off a Bridge and Pulled Three More Off Into the Water.

Drace Jepson suffered the loss of a team of good horses day before yesterday through a very peculiar accident. One of Mr. Jepson's men had a team of four horses hitched to a disk and was on the way from one ranch to the other. In crossing a deep canal over a rather narrow bridge one horse was crowded off into the water. The horse in falling pulled its mate over, too, and the other two were in consequence also drawn into the canal. The two horses on the bottom were unable to get their heads out of the water and in the tangle of horses and harness that ensued before the mixup could be straightened out, both were drowned. As is usually the case, the two horses that drowned were considered by Mr. Jepson as among the best he had on the ranch.

REPORT OF SCHOOLS AND ROLL OF HONOR

Being the names of Those Pupils Who Were Neither Absent Nor Tardy.

Supt. B. H. Scudder have given out for publication the report of the school for the month of November. It is a very short report this month, only four days having been taught. The attendance, however, was fairly good those four days. The reports show the whole number of days' attendance as 1,932; the whole number of days absent was 73 and the whole number of boys enrolled on the register was 143 and the whole number of girls 135, making a total of 278. The average number belonging was 276 and the average daily attendance was 258. The number of pupils entered during the month was three and the per cent of attendance on the average number belonging was 94.

The roll of honor, being a list of the names of those pupils who were neither absent nor tardy during the month follows. It is an unusually large one this month, due to the few days in which there was offered an opportunity to either remain away the whole day or arrive late:

SPECIAL MEETING OF CITY COUNCIL

The New Ordinance Presented and Referred to the Ordinance Committee.

The business of the special meeting of the city council Monday evening was transacted in short order. First upon the docket was the first reading of the new ordinance prepared by the finance committee. It was presented

and promptly turned over to the ordinance committee, with instructions to have it ready for presentation a second time on next Thursday night, a week from tomorrow night when it will be given final consideration. This ordinance has to do with the license business in Tempe and takes the place of half a dozen ordinances that were formerly required to cover the ground. A part of it repeals these former ordinances and the rest of it is devoted to the licenses and taxes as they will apply after the passage of the ordinance. Just what changes may be made by the ordinance committee is as yet unknown, but it is not thought there will be many. The new ordinance makes provision for the license figures for Tempe and if passed as it was read Monday evening will increase the revenue of the town to an appreciable extent.

The tax assessor has completed his work of making up the tax roll. He made his report and it was accepted. The council has arranged to meet as a board of equalization next Monday evening to go over the roll.

NEWS NOTES.

F. W. Holsapple dropped in from San Diego yesterday, on business. W. S. Dorman was down from Mesa yesterday.

Mr. and Mrs. Wm. Allen are the proud parents of a baby boy, born yesterday.

J. W. Arnold, the new M. & P. agent, has rented the Buck house on East Sixth street.

The L. H. Hale ranch has been sold to B. Minard, a recent arrival from Washington.

J. C. Thompson, representing the Modern Woodmen of America, is spending a few days here in the interests of the order.

W. W. Dobson is planning to ship out a couple of cars of hogs to Los Angeles today.

CONCERT AT THE NORMAL.

The concert given at the Downer college last evening brought out J. Homer Grunn, pianist. He exhibited fine technique and decided musical temperament, and his playing was greatly enjoyed by all present, says the Milwaukee Sentinel.

Mr. Grunn will appear at the Normal Friday evening in the concert given by the Arizona School of Music. Tickets for this musical event may be purchased at Laird & Dines' and seats may also be reserved there. Prices will be 35 and 50 cents.

AN ALL DAY MEETING.

The Ladies' Aid society of the Methodist Episcopal church will hold an all day meeting at the home of Mrs. J. F. Hagler, Thursday, December 3. Every member is urged to be present and bring her thimble and scissors.

PLENTY OF GOOD WATER

Nature's Great Remedy Also a Prescription

Mix This Recipe Yourself and Try It for Kidney Trouble or Rheumatism.

"The people here do not drink enough water to keep healthy," exclaimed a well known authority. "The numerous cases of kidney and bladder diseases and rheumatism are mainly due to the fact that the drinking of water, nature's greatest medicine, has been neglected."

Stop loading your system with medicines and cure-alls; but get on the water wagon. If you are really sick, why, of course, take the proper medicine—plain common vegetable treatment, which will not shatter the nerves or ruin the stomach.

To cure rheumatism you must make the kidneys do their work; they are the filters of the blood. They must be made to strain out of the blood the waste matter and acids that cause rheumatism; the urine must be neutralized so it will no longer be a source of irritation to the bladder, and, most of all, you must keep these acids from forming in the stomach. This is the cause of stomach trouble and poor digestion. For these conditions you can do no better than take the following prescription: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Mix by shaking well in a bottle and take in teaspoonful doses after each meal and at bedtime, but don't forget the water. Drink plenty and often.

This valuable information and simple prescription should be posted up in each household and used at the first sign of an attack of rheumatism, backache or urinary trouble, no matter how slight.

MESA CITY BUYERS OF MEXICAN LANDS

The Successful Excursion of the International Land Company.

From all that can be learned of the latest excursion of Americans to Old Mexico to inspect Mexican lands recently thrown open to settlement, the most satisfactory results have followed. The excursion was conducted by the Mexico International Land Company of Kansas City, of which Bishop & Haun of this city are general western agents.

The excursion started from Kansas City and was augmented at various points by parties from sections where the company's project had been given publicity. Quite a number went from Arizona under the escort of Mr. Bishop of this city, the entire excursion party totaling about 125 people. Mr. Bishop has not returned yet but will be back in a few days.

It is learned that after the investigation the Mesa City contingent invested 2,250 acres. That these buyers are satisfied with their investment is quite certain as they looked things over thoroughly and knew just what they were buying. They were very much enthused not alone over the marvelous resources of Mexico, but its picturesque scenes and the historic wonders they were permitted to see.

THE FIVE ACRE MAN THE INTENSIVE FARMER

The Subject of Mr. Maxwell's Address Before the Chamber of Commerce Tonight.

Geo. H. Maxwell, will, by special arrangement with the members of the Mesa chamber of commerce give a lecture this evening at the chamber of commerce rooms on the "Five Acre Man," or in other words, intensive farming. Every member of the chamber of commerce is urged to be present. Mr. Maxwell is an entertaining speaker and no one more thoroughly understands the subject upon which he will speak tonight than Mr. Maxwell. The subject of intensive farming is one that ought to interest every farmer in this valley, as well as every business man or land owner.

As the guest of the board of directors, Mr. Maxwell will be entertained at dinner this evening at 6:30 at the Alhambra hotel. His talk at the chamber of commerce rooms occurring immediately after.

As the officers of the organization are to be elected for the ensuing year a short business session will be held for this purpose, after the conclusion of the address by Mr. Maxwell.

LIBRARY TEA

The ladies of the library association will give one of their popular five o'clock teas in the library rooms on Saturday December 5th, at which time light lunch will be served from 5 o'clock until 8.

The ladies who have the care of the library in hand deserve the encouragement of the public in this work and the supper should be well patronized.

Several improvements have been made recently in the library rooms which add greatly to their appearance and provides a better means for keeping and handling the books.

BAPTISTS LADIES TO MEET IN ALL DAY SESSION

The ladies of the Baptist Aid society will hold an all day meeting at the home of Mrs. J. I. Coffin west of town, on Thursday, December 3. All members are earnestly requested to be present. It is probable that arrangements for another cooked food sale to be held just prior to Christmas, will be made at this session.

DOBSON-ALLEN

A pretty wedding occurred at the home of the brides parents Mr. and Mrs. Geo. Dobson, yesterday evening when their daughter Miss Edna was joined in marriage to Carter Allen, also of this place. The bride is well known here and has a host of friends who extend hearty congratulations. The groom is in the employ of the P. E. Railway company, having a run between Phoenix and Winkelman. Rev. C. Sidney Maddox performed the ceremony.

UNCLE JOSH PERKINS TONIGHT

The unusually large advance sale of tickets at Babbitt's, for this popular rural comedy, insures a well filled house for this evening's performance. At noon there will be a parade on Main street of the Hayseed band, comprising some fifteen members. This ever popular company and its reproduction of rural life and scenes elicited favorable comment from its audiences wherever it has played on its present tour. Farm life, as well as the trials and temptations which beset the farmer man in his attempt to get acquainted with the city, are full of humor. This evening at the Vance auditorium. Prices 50 and 75 c, tickets at Babbitt's.

AUTOED TO ROOSEVELT

With James Miller as the driver of one "Tourist" and F. T. Pomeroy as the pilot of the second car of that make, two automobile parties consisting of besides the drivers, of Apostle Rudger Clawson and Elder James W. McMurrin, both of Salt Lake City, Mr. Abrams from Washington, L. V. Guthrie and Isaac Dana, started for Roosevelt from here early yesterday morning. The parties expected to reach the site of the big dam about noon, taking the rest of the day for a survey and view of the immense work now in progress there. They expected to start on the return trip early this morning.

THE WILD BOAR OF THE SUPERSTITIONS

Will Mullen Brings Down a New Kind Of Game.

Will Mullen who together with his brothers has been for some time working several mining claims on the southern side of the Superstition mountains, returned to Mesa the middle of last week to spend Thanksgiving with his parents. He is exhibiting a species of game somewhat novel to the Arizona hunter.

Shortly before leaving camp for Mesa he was walking along the side of the mountain, gun in hand, and noticed what he first took to be a bear coming towards him. He killed the animal and found what he had supposed was a small bear to be a wild boar.

The animal weighs over 100 pounds and thick heavy bristles from two to five inches long cover its body. The spines being longest on the back. The curved tusks are about four inches long. The legs are short and stout, the whole making a customer that would put up a mean fight if cornered. This is the first of its kind so far as is known, to have been killed in this vicinity.

TESTING CITY WELL

Shortly after noon yesterday another test was made of the flow from the new city well. Several of the councilmen and many citizens were present. Previous to this last test Superintendent Roy McCormick had had one day of work for several days cleaning the well of the sand which had washed in through the perforations to a depth of several feet. The stream which flowed over the weir amounted to about 45 miner inches. This stream lowering the water plane but a few feet.

The water as tested by Engineer Baker shows a small per cent of salt and lime. He pronounces the water of very good quality and better than that obtained in the recent borings in Phoenix.

INJURED WHILE AT PLAY

Thelma, the little three year old daughter of Mr. and Mrs. Mont Vance, severely cut her forehead Monday afternoon while at play near her home. She was rolling a hoop when she tripped and fell, striking the sharp edge of a large plank, cutting her forehead. Dr. Nelson was called and sewed up the wound.
